

ACDS CDE Rule Clarification

Art 901.7.4 Qualification of a Multiple Driver

Before entering a multiple in a competition, a competitor must complete without elimination, 3 graded CDEs as a single driver.”

Clarification: Art 901.7.4 was not intended to be retrospective; it applies to competitors entering *their first multiple* competition after the 1/8/2015, however the qualification period is not specified i.e. the qualification requirement is fulfilled if they have completed 3 graded CDE's without elimination as a single driver *at any time in their driving career*. Additionally, competitors who have *completed a CDE* with a multiple prior to 1/8/2015 are deemed to have satisfied the qualification criteria, irrespective of whether or not they have completed 3 CDE's as a single driver.

Authorised by Federal CDE Convenor & ACDS Federal President.
