### ***ACDS Strategic Plan 2016 - 2018***

Released today is the ACDS Strategic Plan document; this plan outlines the broad organisational goals which ACDS Federal Council has set for the period 2016 - 2018, and the context within which these goals will be pursued.

Whilst the Plan may appear relatively simple, it is the culmination of considerable work on the part of several members of Federal Council, and for the first time for our organisation, we now have a clearly communicated direction and framework to guide future decision-making.

ACDS Federal Council welcomes feedback from members on the Strategic Plan.

Brendan Dwyer  
ACDS Federal President
