The Federal Secretary
Australian Carriage Driving Society
acdsfedsec@gmail.com.au

Dear Tom

Please find attached my nomination for position of Federal Vice President with the Australian Carriage Driving Society.

Resume – Tracey Ellis

I have been with the ACDS for over 20 years, taking on a number of positions within my club, and state and federal positions since joining.

While my main interest is in combined driving, I am fully aware that we have 5 disciplines within our society, some covering a large part of our membership and all disciplines need to be provided for.

I don't have any personal agendas, only to see the society move successfully into the future, with a common sense approach. The ACDS, being a not for profit organisation with a large membership who enjoy driving as a hobby, need decisions to be made in the best interest of our national membership, not just what happens in our own backyard.

Driving in our current day and age is different to driving many years ago and while we have legal commitments and current day risks to address, with a progressive team on board, I would like the opportunity to work on streamlining processes as much as possible to see our sport move efficiently into the future.

Presently, the majority of clubs run with a small number of members, confirming the need to make events, no matter what discipline, as straightforward as possible, providing we meet our legal requirements. We can make all the rules in the world, but as with everyday life, we can't control every situation.

I would appreciate the opportunity to work with a progressive team on the Federal Executive and represent the members as a whole, to the best of my ability.

kind regards

Tracey Ellis
